What is the Arizona Early Childhood Development and Health Board (First Things First)?

In November 2006, Arizona voters passed Proposition 203, also known as **First Things First**, a citizen's initiative that funds quality early childhood development and health at the state and local level. The Proposition created a new state level board known as the Arizona Early Childhood Development and Health (AzECDH) Board, also known as the Board of First Things First, and the Regional Partnership Councils.

First Things First Mission

The mission of First Things First is to increase the quality of, and access to, early childhood programs that will ensure a child entering school arrives healthy and ready to succeed. This mission will principally be achieved through regional grants tailored to the specific needs and characteristics of the communities that the regions serve, with a focus on demonstrating improved outcomes around First Things First's six goal areas prioritized by the challenges the regions face. This mission is also accomplished through statewide initiatives that have been prioritized by the Board of First Things First.

This statewide policy and regional perspective are critical to the success of the First Things First mission. Early childhood development and health system initiatives from First Things First will be coordinated through statewide initiatives and regional priorities.

First Things First Goal Areas

The First Things First initiative specifies that programs undertaken by the Arizona Early Childhood Development and Health Board and the Regional Partnership Councils are to accomplish one or more of the following Goal Areas:

- Improve the quality of early childhood development and health programs.
- Increase the access to quality early childhood development and health programs.
- Increase access to preventive health care and health screenings for children through age five.
- Offer parent and family support and education concerning early childhood development and literacy.
- Provide professional development and training for early childhood development and health providers.
- Increasing coordination of early childhood development and health programs and provide public information about the importance of early childhood development and health.

What is the Funding Source?

The First Things First initiative provides for the distribution of funding through both statewide and regional grants.

Of the monies expended in a fiscal year from the First Things First program account, no more than ten percent may be used to fund statewide grants or programs. Statewide programs are

considered those implemented across regional boundaries and are designed to benefit Arizona's children as a whole.

This Request for Grant Application is specifically dedicated to funding regional programs. Regional funding is based on the approval of the Regional Partnership Council funding plans submitted to the Board of First Things First. Funding is allocated to each Regional Partnership Council based on the population of children aged five or younger and the population of children aged five or younger whose family income does not exceed 100 percent of the Federal Poverty Level.

The Regional Partnership Council that is involved in the release of this Request for Grant Application is:

- North Phoenix Regional Partnership Council

Who is Eligible to Apply for this Funding Opportunity?

First Things First awards grants to:

- Non-profit 501 (c) (3) organizations providing services in Arizona (both secular and faith-based)
- Units of Arizona government (local, county and state entities as well as schools and school districts)
- Federally recognized Tribal governments or entities providing services within Arizona
- Arizona institutions of higher learning (colleges and universities)
- Private organizations providing services in Arizona

All potential Applicants must demonstrate organizational, fiscal and programmatic capacity to meet the requirements described in the scope of work listed in this RFGA.

What is the Total Funding Amount Available in this Request for Grant Application?

This is a five (5) month contract with an option for renewal for two (2) additional twelve (12) month periods. Total funds available on an annual basis are expected to be approximately \$200,000 with the understanding that a prorated amount of approximately \$83,333 will be available for the first five (5) month funding period. First Things First reserves the right not to award the entire amount of available funds or to award an amount that is greater than the posted available funds. Renewal will be contingent upon satisfactory contract performance, evaluation and availability of funds. Two separate budget forms will need to be completed: 1) a 5-month budget and 2) a 12-month budget estimate, for a total of 17 months. The first contract period will be 5 months and if renewed, the second contract period will be 12 months. The 5-month period is estimated to be February 1, 2010 through June 30, 2010. The 12-month period is estimated to be July 1, 2010 through June 30, 2011. Multiple awards may be considered; however, a single award is expected.

Scope of Work: What Will This Grant Fund?

The North Phoenix Regional Partnership Council has identified the need for regional implementation to expand the capacity of programs that assist families that are in crisis or at high risk of crisis in order to prevent child neglect and maltreatment.

The North Phoenix Regional Partnership Council serves, and Applications submitted in response to this RFGA must serve, the City of Phoenix areas including zip codes 85020, 85021, 85022, 85023, 85024, 85027, 85028, 85029, 85032, 85050, 85051, 85053, 85054, 85085, 85086, 85087, 85302, 85304 and 85306.

The intended target population of this funding opportunity are families in crisis or at-risk for crisis with young children birth through five years of age in North Phoenix who are not involved with the Child Welfare system. It is anticipated that this grant opportunity will serve approximately 150 to 800 families on an annualized basis.

According to the US Department of Health and Human Services, every year in the United States, more than one out of every hundred children is a victim of substantiated child abuse and neglect. For instance, in 2006, 3.6 million cases of child maltreatment were investigated, which is a rate of 47.8 per 1,000 children. Children under one year of age are the most common victims of abuse and neglect, with about 24 out of 1,000 being victims of maltreatment. (Source: Child Maltreatment 2006, Administration on Children, Youth and Families, 2006).

In Arizona, over half (57 percent) of all reports of child maltreatment in the state were in Maricopa County. Of the 10,284 child maltreatment reports made in Maricopa County, 6,098 were reports of neglect, followed by 3,424 reports of physical abuse, 645 reports of sexual abuse, and 117 reports of emotional abuse. Over one-third of the children removed from a home because of maltreatment were under the age of six in Maricopa County.

Evidence suggests that child abuse and neglect also exist in the North Phoenix Region. Several zip codes within the region have high removal numbers, specifically, zip code areas 85021, 85027, 85032, 85051, and 85302. In these areas, slightly over one-third of the removals were children aged five and under. In addition, nearly two thirds of the removals throughout this region are Caucasian children, while the other one third is classified as Hispanic.

Child abuse and neglect can result in both short-term and long-term negative outcomes for children. A wide variety of difficulties have been documented for victims of abuse and neglect, including mental health difficulties such as depression, aggression, and stress. Direct negative academic outcomes (such as low academic achievement, lower grades, lower test scores, learning difficulties, language deficits, poor schoolwork, and impaired verbal and motor skills) have also been documented. Furthermore, child abuse and neglect have a direct relationship with physical outcomes such as ill health, injuries, failure to thrive, and somatic (physical illness) complaints.

The impact of child abuse and neglect is also felt by the greater society in the form of monetary and non-monetary costs. Wang and Holston (2007) drew from a number of data sources in an

attempt to estimate the annual cost of child abuse and neglect in the United States. They estimate that the total costs to society, both direct and indirect, of child abuse and neglect is around \$100 billion annually. About one-third of the total amount is spent on direct costs of maltreatment including hospitalization for injuries, mental health services, child welfare system costs, and law enforcement. Indirect costs include expenses for providing special education services, costs to the juvenile delinquency system for operating things such as residential facilities, long-term mental health and health care costs for adults who are victims as children, costs to the adult criminal justice system due to the link between earlier child maltreatment and violent crime. Lost productivity to society, estimated by Wang and Holston at \$30 billion, makes up the greatest share of the roughly \$70 billion of indirect costs. (Source: Wang and Holton, *Prevent Child Abuse America*, Chicago, IL. September 2007)

Parents want to see their children grow up healthy and strong. Most parents do not want to harm their children. However, some parents have not learned sufficient skills to help them address the challenges of parenting. Moreover, life stressors such as poverty, job loss, drug or alcohol use by a family member, a child's disability or special health condition, and financial difficulties can bring families to the edge, where their decision-making skills suffer.

The child welfare system exists to intervene in situations of abuse and neglect. However, that system is also facing numerous stressors. For example, the Arizona Department of Economic Security reports that there is a critical lack of foster homes available within the North Phoenix Region.

Many approaches have been developed to attempt to prevent child abuse and neglect in families facing crisis situations. The approaches may seek to help prevent risk factors from developing. They may also seek to put new protective factors in place for children and families, or to strengthen protective factors that are already present in the children's lives. Protective factors can include having a supportive family environment; possessing nurturing parenting skills; relationships within the family that are stable; household rules; parental employment and high parental education; adequate housing; access to health care and social services; and even living in a community that supports parents and takes responsibility for preventing abuse.

Some strategies are universal approaches meant to reach all residents of the Region, while some may target those families that are more at-risk. Examples of promising practices to prevent child neglect and abuse include (but are not limited to):

- Public awareness and education,
- Skill-based curricula or life skills training for children and youth,
- Parent education programs, and
- Family support services including respite or crisis care.

The North Phoenix Regional Council believes it is important to provide additional support to families with young children to avoid abuse and neglect, avert Child Protective Services' involvement, and keep families intact.

Implementation Requirements

This Request for Grant Application is seeking Applicants to address these specific Goals and Key Measures:

First Things First Goal Area to be addressed:

- Family Support

First Things First Goals to be addressed:

- First Things First will coordinate and integrate with existing education and information systems to expand families access to high quality, diverse and relevant information and resources to support their child's optimal development

First Things First Key Measures to be addressed:

- Percentage of families with children birth through age five who report they are competent and confident about their ability to support their child's safety, health and well-being

To implement this strategy, the North Phoenix Regional Council seeks proposals from existing organizations that serve at-risk families in the North Phoenix Region or neighboring communities. Ideally, applicants will also build upon and coordinate with related family support crisis prevention programs or services in the Central Phoenix region. Applicants should propose efforts aimed at strengthening families at-risk for abusing or neglecting their young children, but who have not been involved with Child Protective Services.

Types of services or programs that could be funded include (but are not limited to):

- Respite or emergency shelter services for children
- Family management, addressing issues such as behavioral difficulties, anger management, abuse and neglect, divorce/changing families, anxiety or depression
- Family support services aimed at strengthening skills that help families cope with stressors, such as managing a family's finances or finding a job

This funding is NOT intended to support the following:

- Mental Health services that would be covered by the Regional Behavioral Health Authority
- Home visitation services

Applicants will be required to demonstrate how they will:

- Target their services to families with children birth through age five who are most at-risk
- Build from or expand existing service delivery
- Deliver culturally and linguistically appropriate and accessible services
- Deliver services or programs that reflect best or promising practices; including recruitment and retention of qualified personnel with the education, skills and abilities to work with high-risk families and their young children

- If applicable, provide short-term shelter settings that are safe, comfortable and welcoming for young children. In addition, shelter facilities must meet all city, county or state licensing regulations; i.e., fire, capacity, zoning, etc.
- Coordinate services (as appropriate) with other family preservation programs and publicly funded prevention programs and services
- Offer families of children birth through five access to information and resources that assist families in addressing the needs of young children and their parents and connect families to community resources

Coordination and collaboration with all FTF grantees is critical to developing a seamless service delivery system for children and families. Services and programs cannot be implemented in isolation and coordination and collaboration must occur within a region and across regions. Additional family support strategies (i.e., home visitation, crisis management, family support resource centers, community-based parent education, the Birth to Five Helpline, etc) have already been awarded from First Things First throughout Regions within Maricopa County. The successful Applicant for this Grant opportunity will be required to attend meetings and workgroups in the region being served to identify, develop and implement mechanisms around coordination and collaboration. The successful Applicant will also be required to share data with First Things First and the Regional Partnership Council that will be used for cross-regional analysis. The successful Applicant will also participate in cross-regional and statewide work that may include additional workgroups and meetings. In order to accomplish these tasks, Applicants should plan the appropriate budget that would include travel for monthly meetings within the regional area, four cross-regional meetings/workgroups held in various locations, and one statewide meeting to be held in Phoenix, Arizona. All travel related costs for these trainings and meetings should be included in the Applicant's budget and calculated using the State of Arizona travel policy as described on the budget narrative worksheet.

For budgeting purposes, cost estimates are made based on the assumption that total costs per family could range from \$200 - \$1,500 depending upon intensity and duration of services. For example, it is expected that service costs for holding an awareness building activity, presenting a series of parenting education classes, or even providing needed respite/shelter care will vary, but will fall within this range.

Any evaluation should be directly connected to the Goals, Key Measures, and Performance Measures and should determine the extent to which the program has accomplished the stated goals and key measures. The evaluation should also measure program fidelity by assessing which activities were implemented and the quality, strengths and weaknesses of the implementation. The successful Applicant agrees to participate in the First Things First evaluation and will meet the requirements of the evaluation including, but not limited to, timely and regular reporting and cooperation with all First Things First evaluation activities. Timely and regular reporting of all performance and evaluation data includes the electronic submission (through the First Things First secure web portal) of performance measures and other evaluation data as proposed by the Applicant in this Request for Grant Application.

Performance measure data must be submitted in its raw form (e.g., number of children served / proposed service number = 52 actual children served / proposed service number). The successful Applicant is also required to collaborate with the First Things First longitudinal evaluation. The provider must participate in child assessment activities associated with the longitudinal evaluation including tracking and reporting to First Things First data pertaining to participant attendance, enrollment, and demographic information, all of which must be maintained in a secure and anonymous manner. In addition, Applicants agree to allow First Things First and evaluation consultants of First Things First to observe program activities on site and obtain parent consent for data collection related to evaluation efforts.

Performance Measures are defined by First Things First to determine the key impacts of the strategies, programs and approaches being implemented. Applicants are expected to collect and report data to First Things First on the progress of achieving the Performance Measures. Performance Measures for purposes of this RFGA are as follows:

Performance Measures:

- Number of families served/proposed service number
- Number of families who received support/education services / proposed service number
- Family attrition
- Counselor/staff attrition
- Number of families who successfully met family service plan outcomes / actual service number
- Number of families who reported satisfaction with provided services / actual service number
- Number of families who show increased parenting knowledge and/or skill after receiving services / actual service number-using pre/post measure aligned with research-based program requirements

How Will Applications be Evaluated?

The review committee will evaluate Applications and recommend for an award based on the following criteria:

- Capacity of the Applicant for Addressing Needs (20%)
- Addressing Goals and Key Measures (5%)
- Proposed Program or Strategy (25%)
- Implementation Activities (25%)
- Resource and Budget (10%)
- Evaluation Plan (15%)

Those Applicants not selected for funding will be notified in writing; however, pursuant to A.R.S. §41-2702 (E), all Applications shall not be open for public inspection until after grants are awarded. A.R.S. §41-2702 (G) also states the evaluator assessments shall be made available for public inspection no later than thirty (30) days after a formal award is made.

Successful applicants will also be required to share data with First Things First and the Regional Partnership Council that will be used for cross regional analysis. Successful applicants will also participate in cross regional and statewide work that may include additional workgroups and meetings. In order to accomplish these tasks,

applicants should plan the appropriate budget that would include travel for monthly meetings within the regional area, four cross regional meetings/workgroups held in various locations, and one statewide meeting to be held in Phoenix, Arizona. All travel related costs for these trainings and meetings should be included in the Applicant's budget and calculated using the State of Arizona travel rate for mileage, per diem and lodging as described on the budget narrative worksheet. For more information about the state requirements, visit <http://www.gao.state.az.us/travel/>.

Evaluation Plan (15%)

This component will address questions about how the program is working and what can be done to make the program more effective. The evaluation should be directly connected to the Goals, Key Measures, and Performance Measures and should determine the extent to which the program has accomplished the stated goals and key measures. The evaluation should also measure program fidelity by assessing which activities were implemented and the quality, strengths and weaknesses of the implementation. Successful Applicants agree to participate in the First Things First evaluation and will meet the requirements of the evaluation including, but not limited to, timely and regular reporting and cooperation with all First Things First evaluation activities. Timely and regular reporting of all performance and evaluation data includes the electronic submission (through the First Things First secure web portal) of performance measures and other evaluation data as proposed by the Applicant in this Request for Grant Application. A. Inquiries

1. Duty to Examine. It is the responsibility of each Applicant to examine the entire RFGA, seek clarification in writing (inquiries), and examine its' Application for accuracy before submitting the Application. Lack of care in preparing an Application shall not be grounds for modifying or withdrawing the Application after the Application due date and time, nor shall it give rise to any Contract claim.
2. RFGA Contact Person. Any inquiry related to an RFGA, including any requests for or inquiries regarding standards referenced in the RFGA shall be directed solely to the RFGA contact person. The Applicant shall not contact or direct inquiries concerning this RFGA to any other State employee unless the RFGA specifically identifies a person other than the RFGA contact person as a contact.
3. Submission of Inquiries. The Grants and Contracts Procurement Specialist identified in this RFGA, who is the contact for all inquiries except at the Pre-Application Conference, requires that an inquiry be submitted in writing. Any inquiry related to the RFGA shall

refer to the appropriate RFGA number, page and paragraph. Do not place the RFGA number on the outside of the envelope containing that inquiry, since it may then be identified as an Application and not be opened until after the Application due date and time. Electronic inquiries are acceptable. First Things First shall consider the relevancy of the inquiry but is not required to respond in writing.

4. Timeliness. Any inquiry or exception to the RFGA shall be submitted as soon as possible and should be submitted at least seven days before the Application due date and time for review and determination by First Things First. Failure to do so may result in the inquiry not being considered for an RFGA Amendment.
5. No Right to Rely on Verbal Responses. An Applicant shall not rely on verbal responses to inquiries. A verbal reply to an inquiry does not constitute a modification of the RFGA.
6. RFGA Amendments. The RFGA shall only be modified by a formal written RFGA amendment. Formal written amendments are posted on the First Things First website, www.azftf.gov. It is the sole responsibility of the Applicant to check the website regularly.

Material issues raised at the Conference that result in changes to the RFGA shall be answered solely through a formal written RFGA amendment. **Attendance at the Pre-Application Conference is strongly encouraged, but not mandatory.**

Failure by the Grantee to provide written assurance within the number of Days specified in the demand may be, at First Things First's discretion, the basis for terminating the Contract under the First Things First Uniform Terms and Conditions or other rights and remedies available by law or provided by the contract.
- 7.2 Cancellation for Failure to Perform. Failure by the Grantee to adhere to any provision of this Agreement or its Attachments in the time and manner provided by this Contract or its Attachments shall constitute a material default and breach of this Contract and First Things First may cancel, at its option, this Agreement upon prior written notice.

- 7.3 Non-Exclusive Remedies The rights and the remedies of First Things First under this Contract are not exclusive.

8. Contract Termination

- 8.1 Cancellation for Conflict of Interest. Pursuant to A.R.S. §38-511, First Things First may cancel this Contract within three (3) years after Contract execution without penalty or further obligation if any person significantly involved in initiating, negotiating, securing, drafting or creating the Contract on behalf of First Things First is or becomes at any time while the Contract or an extension of the Contract is in effect an employee of or a consultant to any other party to this Contract with

In the event of termination under this paragraph, all documents, data and reports prepared by the Grantee under the Contract shall become the property of and be delivered to First Things First upon demand. The Grantee shall be entitled to receive just, equitable compensation for work in progress, work completed, and materials accepted before the effective date of the termination. The cost principles and procedures provided in A.A.C. R2-7-701 shall apply.
- 8.4 Termination for Default. In addition to the rights reserved in the contract, First Things First may terminate the Contract in whole or in part due to the failure of the Grantee to comply with any term or condition of the Contract, to acquire and maintain all required insurance policies, bonds, licenses and permits, or to make satisfactory progress in performing the Contract. The Grants and Contracts Procurement Specialist shall provide written notice of the termination and the reasons for it to the Grantee. Administrative costs may also include that portion of salaries and benefits of the project's director and other administrative staff not attributable to the time spent in support of a specific project.*

Or

- ☐ **Option B - Federally Approved Indirect Costs:** *If your organization has a federally approved indirect cost rate agreement in place, grantees may include an allocation for indirect costs for up to 10% of the grant request. **Applicants must provide a copy of their federally approved indirect cost rate agreement.***
